

Paying for BIOS webstore items with debit / credit cards (including new memberships, subscription renewals, purchases of books and other items)

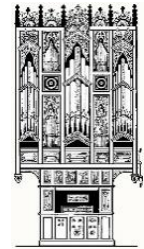

The BIOS card services provider is PayPal and their systems may encourage the use of, and opening of new, PayPal accounts. Buying from BIOS can be done just using a credit / debit card and following these notes may help achieve that.

To avoid using or creating a PayPal account proceed as follows:

- 1. Place the required items in your 'basket', or if buying a membership, select the required category and then choose 'Proceed to Checkout', unless you have a PayPal account and want to use it.**

- 2. On the next screen, once again DO NOT select 'PayPal Checkout', unless you've changed your mind and now want to use a PayPal account!**

3. Enter your email address and Shipping Address. If the billing address is different, uncheck the 'Use same address for billing' and enter the address used for your credit/debit card.

The screenshot shows the BIOS checkout page. At the top, there is a navigation bar with the BIOS logo and links for Home, Membership, Guidance, Resources, and Publications. A search bar is also present. Below the navigation bar, there are two checkout options: Express Checkout and PayPal Checkout. The PayPal Checkout option is highlighted in yellow. Below these options, there is a section for contact information, including fields for email address and a note that the user is checking out as a guest. The shipping address section includes fields for Country/Region, First name, Last name, Address, Add flat, suite, etc., City, County (optional), Postcode, and Phone (optional). There is a checkbox for 'Use same address for billing' which is currently checked. Below the shipping options, there is a section for payment options, including PayPal and a note that clicking 'Proceed to PayPal' will redirect to PayPal. At the bottom, there is a checkbox for 'Add a note to your order' and a note that by proceeding with the purchase, the user agrees to the Terms and Conditions and Privacy Policy. A 'Return to Basket' link and a 'Proceed to PayPal' button are also visible.
